Bella Bethesda Salon

When sisters Lindsey Dabney and Stacy Dabney Ramirez opened Bella in 2007, they were the sole employees. Now the salon boasts 13 stylists, but the sisters still play their original roles. "Lindsey does hair, and I'm available to run the business, which frees me up to pay attention to all the little details," Ramirez says. That includes greeting customers, hanging their coats and offering them a drink.

Beth Bolen of Bethesda appreciates the salon's ambience: "The whole experience, from the time I e-mail or call [to make an appointment] until I leave relieves my stress and maximizes my enjoyment. It has a really nice vibe." The light, airy space features great views of downtown Bethesda.
